Dear Parents/Guardians,

Subject: Warning regarding Student Involvement in Cybercrimes

We are writing to bring to your attention a matter of grave concern that has come to our notice. It is with regret that we inform you about incidents of cybercrimes involving some of our students.

In today's digital age, the internet offers vast opportunities for learning, exploration, and communication. However, it also presents certain risks, especially when not used responsibly. We have observed instances where some of our students have engaged in activities online that are unlawful, harmful, or unethical.

It has come to our attention that there have been incidents involving our students in activities related to cybercrime. As an educational institution committed to fostering ethical behaviour and responsible citizenship, we take such matters very seriously.

Participating in cybercrime activities not only violates school policies but also undermines the trust and integrity of our school community. We remind you of your responsibilities as parents of St. Joseph's Convent School, Bijalpur. You are expected to instill in your children the values of respect, integrity, and honesty both within and outside school premises, including online environments.

Indulging in acts of moral turpitude, posting unsavory remarks against the school management, staff or fellow students on social media sites / network eg. Facebook, Instagram, whatsapp, twitter, etc are acts of cyber misconduct. We want to make it explicitly clear that such behavior will not be tolerated under any circumstances. Cybercrime is a serious offense that can have severe legal consequences, including criminal charges and permanent records that could impact your child future education and career prospects.

If your child found to be involved in any further incidents of cyber misconduct, we will not hesitate to involve the cyber police and other relevant authorities. They will investigate the matter thoroughly, and appropriate legal actions will be taken as per the law.

We urge you to cease any involvement in such activities immediately. Ignorance of the law or school policies is not an excuse. If your child is facing challenges or temptations in this regard, please reach out to a trusted teacher, school counselor, or school administrator for guidance and support.

Failure to comply with this warning may result in disciplinary actions, which could include suspension or expulsion from school, depending on the severity of the offense and its consequences.

As partners in your child's education, we are committed to fostering a safe and supportive learning environment both inside and outside the classroom. We appreciate your cooperation and support in addressing this issue effectively.

If you have any concern or if you become aware of any instance of cybercrimes involving our students, please do not hesitate to contact us. Together, we can work towards promoting responsible digital citizenship and ensuring the well-being of our school community.

Thank you for your attention to this matter.

Sincerely,

Sr. Bindu
